REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance:

The European Search Report of September 8, 2005 for EP 04 00 3913, which is a counterpart of the instant application, lists U.S. Patent Application Publication 2001/0036400 and U.S. Patent 3,899,266 as "Y" references for claim 5. The European Search Report makes reference to figures 6, 7a, and 7b of U.S. Patent 3,899,266, and makes reference to figures 1 and 12 of U.S. Patent Application Publication 2001/0036400. However, neither of these references discloses or suggests the inventive feature of the chamfer portion of the blade tip being formed such that the chamfer portion is aligned with a plane containing the axis of the impeller.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
